WINNERS OF CHRISTMAS TRAIL ARE ANNOUNCED

By MAY ELLIS OLSON

For the fourth year, the "Christmas Home Decoration" judges followed the Albany Christmas Trail, to select the 1962 winners, in the contest sponsored jointly by the Albany Times and the Ellis-Olson Mortuary.

The judges selected this year were Mrs. Bernice Boyd, manager of the Albany Security Savings; Mr. Kenneth Forry, Superintendent of the Albany Schools, and Mr. Lewis Howell, Albany Councilman. The judges toured the route of the Trail entries, grading each home according to conformity to the Christmas theme, beauty, glamour, eye appeal and lighting.

Working till the wee, small hours tallying the results, the three judges agreed that it was a difficult task to determine the winners, because of the many beautifully decorated homes.

The following were ultimately selected as the Trophy winners; having been awarded prizes in the past two years, they were in a separate classification:

The home of Mr. and Mrs. Michael Borelli, 820 Cerrito Street, was a fabulous Christmas wonderland of twinkling lights, Santa on the roof, with his sleigh and reindeer and beautiful indoor decorations. Many of the ornaments and figures were purchased in Europe on the family's many trips abroad.

The home of the Scotts, 1205 Brighton Avenue, has all decorations well balanced around the central theme of the brick chimney. It is covered with poinsettias and red bells that appear to be ringing, topped by a large star, Santa and his reindeer, Christmas carolers plus a shower of lights and a beautifully decorated tree.

At the home of R. R. Miranda, 869 Washington Avenue, a huge picture of two children in their night clothes looking up the chimney adorns the lawn. The lawn is outlined with lighted bells and a modern tinsel tree glistens in the upper window. In contrast, the lower window shows a beautiful old-fashioned tree. There are also illuminated candy canes and a myriad lights in the shrubbery and outlining the house.

The prize winners were:

YULE SWEEPSTAKE WINNER, $50.00 in cash and ribbon:

The home of Mr. and Mrs. John Pleich, 801 Key Route Blvd., starts with a beautiful Madonna and child in the manger, three snow white deer graze on the lawn; also a tiny stable, complete with manger and the Babe, life-size carolers in robes, decorated trees in the windows and a twenty foot Santa Claus. The entire house and display is beautifully lighted.

CHRISTMAS CUP WINNER, $25.00 in cash and a ribbon:

The home of Mr. and Mrs. A. Carlo, 1261 Portland Avenue, displays a most unusual creche with the figures of Mary and Joseph glowing internally, topped by a star and singing angels and blue light over all. The decorations continue to the side of the house, where a life-size Santa is ready to distribute gifts to two children in their bed. There are also tall candles and the house is outlined with lights.

REINDEER HANDICAP WINNER, a Sunbeam electric skillet plus a ribbon:

The home of Mrs. Othelia Talley, 701 Johnson Street; has the

Resolution of C of C Urges Acquisition

At the regular meeting of the Board of Directors, Albany Chamber of Commerce, held December 11, by an unanimous vote the following resolution was passed:

Resolved: "That the Albany Chamber of Commerce go on record urging the City Council to use every effort to obtain the property located at Marin Street, San Pablo Ave. and Buchanan Street for use of the City facilities, (City Hall, Fire and Police departments) and it was further resolved that the Chamber would be willing to work with the City to promote the development of the property.

GREENERY SHOULD BE MAINTAINED IN ALBANY SAY ALBANY CITIZENS

When the public hearing on the proposed revison to the Albany code, as it pertains to sidewalks in parking areas, was opened at the Albany City Council meeting Monday night, December 17, it brought thoughtful discussion and suggestions from Albany business men and citizens.

The proposed changes would be a modification of the Code sections to provide for the placement of sidewalk and parking strips less than 36 inches in width in single family residential districts, or less than 48 inches in width in multiple family residential districts. The proposed changes would allow wider latitude in the type of material to be placed in the parking strips, where permitted. Proposed changes would prohibit fill of parking strips in excess of 36 inches in width in single family residential districts.

William Garren, owner of the Albany Theatre, spoke in defense of planted strips. He reminded the Council that the planted strips were one of the "niceties of living." He warned of removing one more element of planting in the City, because something equally as good is difficult to find to enhance the living quality of a city. He suggested the consideration of using City funds to maintain planted strips if it is too much trouble for the home owner. "The Council," he said, "should not encourage the elimination of green within the City."

John Pleich, owner of Flowerland, said: "I feel greenery and trees have always been an important part of Albany." He added that consideration should be given for having an open space every fifteen feet on the narrow strips for something of growing nature, tree or shrub.

Clayton Berling, chairman of the Park and Recreation Commission, reported that the Park Department and the Commission were studying the tree situation with a planting program in mind. It was with this in mind, added Robert Luoma, chairman of the Planning and Zoning Commission, that he has an expansion strip in his cemented parking area that can be lifted out for planting.

The Council held any action on the matter over until January 10, when they can meet with the Park and Recreation Commission to study a planting program. The revision should, the Council agreed, have some kind of balance between esthetic values and the practicality of being able to step from parked automobiles into something other than flowers, shrubs or mud.

In other Council business the request of the Schelin Engineering Co. for a Variance Permit to allow for the construction of an elevator in the front yard area was held over for action until the January 2 meeting. The Planning and Zoning Commission recommended a denial because of the precedent such action would permits, but the Council was not unanimously in accord with the recommendation of the Commission.

At the motion of Councilman George Hein, each individual member of the Senior Citizens Friendship Club will be sent a letter stipulating the State requirements and purpose of the Director of the Senior Center. In the letter will be the itemized total program of operation as specified by the community and the State. The letter will be drafted by City Administrator James B. Turner and Director of Recreation Emile J. Rooney.

A Memo of Intention, the Council decided, should be sent to the Mayor's Conference, January 2, in support of the proposed by-laws for the Alameda County Parks Advisory Committee.

The last motion, seconded and passed unanimously by the Albany City Council, was made by Vice-mayor Lewis Howell wishing all of Albany a very merry Christmas and a happy New Year.

The BerkeleyHigh School graduating class of January, 1960, will hold a reunion dinner Dec. 27, at Villa Peluso Restuarant. Those not contacted are asked to notify Elizabeth Urlaub, La. 5-7848.

A Committee consisting of Mmes. Carol Rogers, chairman, N. K. Freeman, Al Capron, Forest Price and J. H. McPherson, Jr. was appointed to submit nominations for Life Membership Awards.

entire house and garden glamorous with lights, a manger scene, carolers and blue lights twinkling in the shrubbery. The windows are decorated and carols are playing on a concealed recorder.

THE ELLIS-OLSON TROPHY PRIZE, a thirty-cup automatic percolator plus a ribbon:

The home of Mr. and Mrs. George F. Rose, 631 Jackson Street, follows the theme "Peace on Earth", with doves of peace floating all around. A huge open book stands on one lawn, with glittering letters saying "Merry Christmas" in 17 different languages. On the other lawn, a cone shaped silver tree revolves on a drum, two angels are kneeling on each side, with trumpets to their lips and the whole is beautifully lighted.

THE ALBANY TIMES TROPHY PRIZE, a transistor radio plus a ribbon:

The home of Mr. and Mrs. Frederick Cabral, 977 Cornell, offers a very amusing and artistically planned display: Santa Claus, head first down the chimney is on the roof; all his pack of toys spread out and a silver, lighted ladder leans against the chimney. Three caroling, life-size snow people stand on the lawn. Large block silver letters spell out "Noel". There is a tree in the window and beautiful lighting.

KRIS KRINGLE AWARD, a large turkey platter plus ribbon:

The home of the Don Wilsons, 816 Cerrito Street. Here is a beautiful, terraced arrangement, topped with two snow people caroling under an illuminated street light. A life-size, mischeivous-looking Santa Claus with his gnomes plus a group of assorted animals are further down the terrace. "Merry Christmas from the Don Wilsons" is spelled out in candy canes. In addition, there is a tree in the window and many lights; a very orignal arrangement.

Six Honorary Award Ribbons went to the following: Mr. and Mrs. Ray W. Hirsch, 970 Stannage Avenue; Mrs. Phyllis Nickerson, 737 Gateview Avenue; Mr. and Mrs. W. E Llewellyn, 732 Ramona Avenue; Mr. and Mrs. T. Fennone, 802 Cerrito Street; Dr. and Mrs. William Koser, 1347 Washington Avenue; Mr. H. Thompson, 833 Curtis Street.

The judges passed many other attractively decorated homes that did not enter the contest. Many of Albany's business houses are decorated in the true Christmas tradition. Be sure and see the most beautiful tree in the window of the Lexicon Store, the huge Christmas greeting card on the roof of the Ellis-Olson Mortuary plus a life-size manger scene and the Santa Claus, in life-size, waving from the window of Berkey-Lee Volkswagen on San Pablo Avenue.

It's Not "Just Another Christmas"
Some people claim that in these times of tension, the spirit of Christmas diminishes with each yearly observance.
We prefer to believe instead that the true meaning of Christmas is actually intensified in a crisis-ridden world such as exists today. The need for "Peace on Earth, Good Will toward Men" has become increasingly apparent to every man, woman and child alive. Rather than abandoning the tenets of Christianity, more and more people are realizing that they must somehow be enforced and adhered to by all of mankind.
The cynics, the doubters, and the predictors of doom would relegate the Christmas season to a period of pure commercialism, with its attendant celebration taking the form of meaningless excess. But everyone who cherishes the real essence of this noble holiday is aware that this year — more than ever before — Christmas stands for brotherhood, love and compassion.
We extend our most sincere Christmas greetings to all of you, with a dedicated belief in a better future for all the world. — DAGNA'S.

Ralph Stone Writes of Experiences in Italy

Superintendent Kenneth Forry of the Albany Unified Schools received the following letter from Ralph Stone, Albany High School Journalism instructor, who is on a Fulbright Grant in Torino, Italy. The Albany Times acknowledges the courtesy of Mr. Forry in sharing this communication with Albany.

Buon natale et felice anno nuovo! In other words, Merry Christmas and Happy New Year. Suddenly the year-end holidays are on us and I'm still trying to keep friends posted on last fall's news.

We are getting reasonably adjusted to Italian life now—the people, the climate and the pace of life (not that the pace is so slow; it's more like traffic on the bay bridge after a big game in Berkeley). Most of the people we have come to know have been most cordial; but, graciousness and cordiality end in the crowded streets, the busy shops and the chaotic traffic. Torino in the latter respect is like any large city—impersonal and aggressive. Actually we enjoy the excitement of the city. Torino has some of the vitality, beauty and sophistication of San Francisco. But this pleasure is always mitigated by the traffic. Cars, buses, motorcycles and pedestrians are locked in a deadly struggle for the street. The motorists are grimly determined that nothing will deter them; the buses are supremely confident that nothing can withstand their awesome challenge (how right they are!) the cyclists mix audacity and skill as they weave through the hordes of Fiats; and the pedestrians are oblivious to all the violence created by the internal combustion engine. It would be romantic to say that it doesn't really matter for everything is solved in the end. So it is but the grim accident and mortality figures are much higher than we record in the U.S. (proportionately, of course).

Nor are the problems of education any simpler here. As I grope my way through the many splendored edifice which is the Italian educational system, I am astounded by its vitality and lethargy, its modernity and antiquity, its catholicity and provinciality—by its constant contradictions. On the one hand a state education is guaranteed to all but practically terminated at eleven for those who fail to pass the qualifying exams for junior high (this age is now being advanced to fourteen) since education is compulsory until fourteen, pupils may remain in elementary school until they either pass the qualifying exam or decide to try a vocational school. After junior high, the state maintains a variety of secondary schools ranging from undistinguished trade schools to the most eagerly sought lyceos and classical gymnasiums. Where the educational spectrum is seemingly broad at the secondary level it is even greater at the collegiate and university plane. Here there is a multiplicity of institutions, faculties, departments and courses. The curricula is almost entirely proscribed and the student is expected to ingest a library of classical and contemporary knowledge which he must disgorge verbatim at appropriate times then promptly forget. From his first days in primary grades to his final hours at the university he is not asked to think but always remember.

I teach in a commercial high school for girls. Students attend six classes a day, six days a week. Still the school year is no longer here than there. A longer summer vacation and numerous holidays throughout the year plus unexpected strikes and interruptions actually reduce the school year to no more than 170-75 days a year. The commercial school curricula provides for extensive training in bookkeeping, typing, shorthand, stenography, a smattering of geography, literature, history and economics, Italian, and a heavy dose of French or English. Correspondents must take ten hours of English a week plus hours of oral and written work, two hours of English shorthand and two hours of typing. Secretaries get six hours a week. On paper this appears to be a powerful curriculum. In practice its weakness becomes apparent. Because its students are mostly rejects from the classical schools, they are not able to cope with such a heavy curriculum.. Therefore, in practice the course requirements are reduced. And this year some of the commercial school degree requirements were reduced from four years to three (without changing many individual course requirements!) While other schools were increased from four to five years. This was done, I was told, to permit girls desiring to go to work to complete their education one year sooner.

Education is a cheerless, determined regimen from the first grade through the university. We notice many parents escort their children to and from school. Not because they are overly protective but merely because they are terribly concerned that their children should be impressed with the importance of education—the one door which is still effectively closed to millions of people. So they stand guard over their children's education, praying that the little Giovannis and Marias will pass the carefully space educational hurdles and finally reach the university. And no wh the schools' programs time for extra-curricular ties. Even physical educ limited to one hour of e a week. AFS girls returnin a year in the States creat and excitement with the of clubs, rallies, proms and unheard of freedom can youngsters enjoy. I suggesting that our would work better here: I for a minute believe emphasis on rigid class struction would improve can education. Each syste product of historical ment. Any loans or from one system to the must be evaluated within

New Officers Elected For Scout Council

Diablo Valley College was the scene recently of the 47th Annual Business Meeting of the Mt. Diablo Boy Scout Council at which time E. Morton Schaffran, president of Scraffrain & Company Community Development Firm, was re-elected Council president. Serving with him as vice presidents are T. K. Cleveland, Berkeley; Joseph Demaria, Orinda; Carl Rehfuss, El Cerrito; Wakefield Taylor, Martinez. Council Commissioner, William McLain, Albany. Council Treasurer, William McAuley, El Cerrito. 64 men were elected to the Executive Board from the communities of Contra Costa County, Berkeley-Albany and of Alameda.

Highlights of the meeting were: Report on Camping by Chairman Dave Calfee; 2343 Scouts and Explorers had participated during the summer in long-term camping for 6 or more days which yielded a total of 26,963 camper days for an increase of nearly 3,000 over 1961. Advancement Chairman Rawlings Simon indicated an increase in all ranks in Boy Scouting over a year ago with 102 qualified for Eagle Award up through October 31, and five for Sea Scout Quartermaster in contrast to 94 and 2 for late last year. A full report on improvements of Council properties was made by Chairman Joseph DeMaria. The improvements made resulted in a top rating on the occasion of the Regional Camp Inspections.

text of the respective cultural needs.

I hope that my exchange teacher is profiting as much from her experience as I am. And I hope that under no circumstances is this exchange a burden to the district. Perhaps this exchange teacher program and the AFS are doing more in Albany to create better international understanding than the highly publicized foreign aid plans.

Anderson - Coe Nuptials Held In Berkeley

At an evening candlelight ceremony at the Berkeley Park Community Church, Vivian Jean Anderson and Allen R. Coe were united in marriage by Rev. Wayne Walker of Berkeley.

Attendants for the pair were Mr. and Mrs. Ben Renfree of Grass Valley, California, brother-in-law and sister of the benedict. Elmer, Vernon and Larry Coe, brothers of the groom, served as ushers.

Allen is the son of Dr. and Mrs. Everett A. Coe of 305 Colusa Avenue, Berkeley. He is a graduate of the University of California and practicing Berkeley optometrist.

Vivian is a native of British Columbia and is the daughter of Mrs. James Lamont of Trail, B.C. She is a graduate of Whitworth College, Spokane, Wash., and has been teaching in the Concord schools. She was given in marriage by Mr. Karl Rupp of Berkeley.

After a short wedding trip, the couple will make their home in El Cerrito.

'Mardi Gras' PTA Theme

Preparations are now being made for the Albany High School PTA's major fund raising event of the year, to be held January 26, according to Mrs. Victor Brandt, budget and finance chairman.

Using the colorful and festive theme "Mardi Gras", Mrs. Brandt, working with Mrs. Frank McKenna and Mrs. Fred McCollum, ways and means chairmen, is planning an all day pleasure outing for the entire family which will be filled with games, amusements, entertainment, dances and a variety of sales booths.

White elephants will be collected by Mrs. Bernard Johnson who suggests that this is a good time to clean out toy boxes and kitchen cupboards and donate your usable items to this worthy cause. Also, small boxes are needed for displaying and handling jewelry. Books of any description will be collected. For further information, contact Mrs. Brandt, Mrs. McKenna or Mrs. McCollum.

Golden Wedding Reception For Riner Herman Klemms

There will be a champagne reception honoring Mr. and Mrs. Riner Herman Klemm on their Golden Wedding Anniversary, December 22, from 7:00 p.m. to 10:00 p.m., at the home of Mr. and Mrs. Max Klemm, Sr. on Garfield Avenue.

Mr. and Mrs. Klemm were married on December 22, 1922 in Cedar Rapids, Iowa, in the home of the bride's parents, Mr. and Mrs. Alva Mason. After their marriage, they moved to Savanna where Mr. Klemm worked on the Milwaukee Railroad until 1920 when they settled on a farm outside of Central City, Iowa. They remained there until 1941 when they came to California where Mr. Klemm joined the Kaiser Corporation. He is now retired.

Mr. and Mrs. Klemm have three children; Mrs. Melvin Kinkead, Marion, Iowa; Mr. Max Klemm, Albany, California; and Mrs. Frank Klemm, Marion, Iowa. They have eight grandchildren and three great grandchildren.

The out of town guests arriving for the reception are: Mr. and Mrs. Melvin Kinkead and their son, Scottie; Mrs. Frank Klemm and her daughter, Susan, who will join her husband, Sargeant Klemm, upon his arrival from his tour of duty in the Marshal Islands; and Mr. and Mrs. Robert Dye, San Diego, California.

Mr. and Mrs. Klemm are now living at 107 Pueblo, Pittsburg, California. Mr. Klemm is a member of the Masonic Blue Lodge.

AHTA Members Discuss Transit

The AHTA held one of its most successful meeting Monday evening, December 10, 1962, in the Parquet Room of Serb's Restaurant, 1045 San Pablo Ave., Albany, California.

A report given by Mrs. Dorothy McCain and H. F. Call, of the recent injunction obtained against the Bay Area Rapid Transit District caused much enthusiasm among the members and guests. The AHTA feels that this good news will be shared by all Albany taxpayers. The AHTA is proud of its participation in this endeavor, and plans to inform the Albany City Council of its continued wholehearted support of any legal means to defeat Proposition "A."

Following a discussion by the membership, concerning an impending increase in rates to Albany residents as requested by the Oakland Scavenger Co. President William Culley appointed H. F. Call and Dorothy McCain as a committee of two, to investigate this matter and to report to the membership at the Association's next meeting.

Among the other matters discussed, was the consideration with the Albany Unified School District is giving to a School Bond Proposal.

Guest speaker of the evening was Ben Allin, President of the Berkeley Taxpayers Association, who spoke on the "Do's and Don'ts" of a Taxpayers Association.

The Association will be held Monday. The next regular meeting of the at 8:00 p.m. January 14, at Serb's Restaurant, 1045 San Pablo Avenue, Albany, California. This will be a business meeting.

Joy to the world, and to each of you our sincere wishes for a peaceful and happy Christmas Day.

AHS Students Participate In Education Day

Each year the East Bay Chapter of the Executives' Secretaries, Inc., sponsors a Student Education Day for future secretaries. Participating students from local high schools are taken under the wing of an Executive Secretary member of the firm for an "on-the-spot" introduction to the general duties of a secretary and to other business office procedures.

This year three girls and one boy from Albany High School were selected to take part. Sally Llewellyn visited Sherwin-Williams Paint Company; Barbara Christian, Container Corporation of America; Margie Wimmer, Moore Business Forms; and Jim Farrington, Alameda Naval Air Station.

The girls brought back much information which they were able to share with their classmates. Jim toured the Naval Air Station and was able to observe the functions of IBM machines

Students may borrow from $100 to $600 on 24 hour notice. Several foreign students have taken advantage of this ready money.

Unusual Book Donated to AHS Library

The Albany High School library was enriched this month with an unusual history book on the Far West because Mrs. Patricia Kelly, 1047 Santa Fe, wrote an outstanding term paper on the Standard Oil Company for the Student History Class of Adult Education.

Using as background material for her thesis Gerald T. White's "Formative Years in the Far West—A History of Standard Oil Co. and Predecessors Through 1919," Mrs. Kelly's paper created so much interest that the adminstrative officials of Standard Oil decided to present one of the limited editions to the school.

The presentation was made Thursday evening, December 6, to the history class and instructor Lawrence Hughes by Mr. C. B. Mahon, Adminstrative Assistant to the General Manager of the Standard Oil Co.

The volumne is a scholarly business history that will appeal to students of enterprise or will interest the general reader.

And it came to pass, as the Angels were gone away from them into Heaven, the shepherds said one to another, let us now go even unto Bethlehem, and see this thing which is come to pass, which the Lord hath made known to us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

St. Luke 2: Verses 15, 16, 17.

Ritchie Riggs Speech Finalist

Ritchie Riggs, senior student at Albany High School, and daughter of Mrs. L. F. Peabody of Pinole, has just won first place in the annual "Know Your America" Public Speaking Contest, held at the County Board of Education Building, Oakland, on Wednesday, November 14. Alameda County High Schools competed in this contest which is sponsored by the attorneys of Alameda County.

Mauri Gould Elected Alameda County Rep.

Mauri Gould, chairman of the Science Department of the Albany High School, has been elected Alameda County Representative to the State Council of the California Teachers' Association, for a three-year term beginning January 1963.

The Albany Teachers' Association for the past twenty-five years has been trying to elect a representative to the State Council to represent all of Alameda County with the exception of the large cites. This has been difficult for an Alameda County northern community to accomplish due to the great population mass in the southern Alameda County school districts.

Mauri Gould has served for the past two years on the Bay Section Council of the CTA as representative from the Albany Teachers' Association. This council meets five Saturdays a year at the Willard Elementary School in Berkeley, to discuss professional problems and to make recommendations to the State Council of Education — the policy forming body of the CTA.

The State Council meets twice a year, as Asilomar in the spring, and in Los Angeles in the winter. It will be at these weekend meetings that important decisions will be made affecting the future of education in California.

PEUGEOT, FRANCE

These are among the 7 best made cars in the world. One of them costs only $2395.00 Albany — Howard has it on sale for the first time at $1995.00, while present inventory lasts.

PEUGEOT

The steel in a Peugeot is .9mm thick. You could overturn the car and remain unscathed. Not that we recommend it, but Peugeots at the factory are tested this way. Every part in a Peugeot 403 is inspected, nuts and bolts included. Every Peugeot made is road-tested. Why? Pride. After 160 years, this is still a family business. The oldest car still running in America is an 1891 Peugeot. No one knows the life span of a Peugeot 403.

THANKS FOR WRITING!

Editor, The Times:

The physicians of the Bay Area join me in extending our deepest appreciation for the vital role you played in making the K. O. POLIO program the greatest mass immunization achievement in medical history.

It was a public service of the highest order.

Thanks in great part to your help in informing the public, we are happily assured that the Bay Area is now free from the tragedy of either a Type I or Type II polio epidemic.

An immense amount of hard work was put into the program by everyone involved. But its success was especially heart-warming to physicians. All of us have seen too many times the despair and agony that polio can bring to a happy home.

We went into the campaign originally to immunize as many persons as possible against the dreadful disease. As we developed and spearheaded the drive, though, we gained far more than just medical satisfaction.

We experienced the warm, personal pleasure of working side by side with neighbors from all walks of life against a common enemy.

Everyone connected with the K. O. POLIO campaign fought the good fight — and won. The experience will remain, fresh and bright, in our memories.

Again, our thanks and best wishes to you.

Edward B. Shaw, M.D.

The Editor:

Every year around Christmas time our city puts up decorations to keep with the Christmas spirit. I have nothing against this but our decorations are the most terrible looking things I have ever seen. I have lived here for about 7 years and as far back as I can remember they have been pretty bad. One year we wrapped the poles, we put up white scrawny, ugly looking trees and lights across the streets.

Other towns in the area have very nice decorations such as Richmond and Berkeley. I don't know how much money we wa but if we would save up so money we waste on these dec tions and buy some that are useable and will last it wo save the city much money.

John Carl Warnecke, Bay Area architect, studies a model of award-winning Malcolm Reservoir Park.

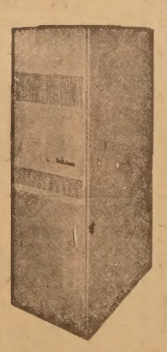

Prominent Bay Area Architect John Carl Warnecke says:

"Pure design for water: I like it."

Malcolm Reservoir in East Oakland is engineered to provide water at high elevation in irregular, hilly terrain. More than that, it's attractive to look at. Fits into its neighborhood. Provides a shady play area for children. The design, by Knorr-Elliott & Associates, earned a national award in a recent judging. Malcolm Reservoir Park is now under construction, as a part of your $283-million Water Development Program. We think you'll like it.
